i.nStock Installation Guide

V1.0.0.033.0

Installation

PDA

The PDA is PRE Installed and Configured and licenced. No further action is required here.

PC Installation

Run the setup.exe application and follow the steps on the screen. For your assistance the steps are detailed below.

iSOFT i. nStock Install	×
Purpose Built	
Welcome Welcome to iSOFT i.nStock installation. This wizard will guide you through the steps necessary to install iSOFT i.nStock on your computer.	
Version: 1.0.002.0 (c) 2006 Purpose Built Software Pty, Ltd, Back Next > Quit	

The setup.exe can only be run on NT/2K/XP/2003.

Click on NEXT to continue the installation

Read the End User	Licence Agreement	(Press on the	View EULA	button)
-------------------	-------------------	---------------	-----------	---------

Read and agree to the End User Licence Agreement

🚪 iSOFT i. nStock Install 🛛 🔀		
Purpose Built		
End User License Agreement		
Please read the fEnd User License Agreement carefully as it may affect your rights. By clicking the Next button you indicate that you have read this document and consent to its terms.		
Purpose Built Software Pty. Ltd.		
♦ I have read the End User License Agreement and agree to its terms.		
♦ I do not agree to the terms of the End User License Agreement.		
Version: 1.0.002.0 (c) 2006 Purpose Built Software Pty. Ltd. Back Next Quit		

Once you have read the End User Licence Agreement and you agree to the conditions contained in, then you may proceed forward. If you do not agree to the terms and conditions, then do NOT install the software.

The default installation folder is as follows. You may select ANY folder you wish. Note 3 additional subdirectories will be created under the folder you select. These are EXE, Send and Receive.

EXE – Will contain application executables Send – Will contain files that are to be sent to the PDA Receive – Will contain data uploaded from the PDA

InstallShield –	< <u>B</u> ack <u>N</u> ext > Cancel

NOTE:

Depending on your PC, you may be asked to RESTART your PC. Please <u>DO NOT RESTART</u> now. Please FINISH the setup of iSOFT.

Once Active Sync has been installed, you may continue with the installation.

🖉 iSOFT i. nStock Install 🛛 🔀		
ActiveSync as Partnership or Guest		
For a PDA to syncs with a computer it must first connect to that computer using ActiveSync. ActiveSync has two PDA connection modes "as Partnership" or "as Guest". We are able to automate the selection of "as Guest" mode. Selection of "as Guest" mode is recomended for this program provided there are no other PDAs requiring connection to this PC in "as Partnership" mode.		
Set ActiveSync to cradle all PDAs as Guest (recomended).		
Version: 1.0.002.0 (c) 2006 Purpose Built Software Pty. Ltd. K Back Next > Quit		

It is highly recommended that you adhere to the default here as it makes the cradling of the PDA far simpler each time if the GUEST ONLY flag has been set.

Application has finished installing

<u>Note: If you were asked to restart your</u> <u>system after the installation of Active Sync,</u> <u>then do so NOW.</u>

STOCCA.INI

The STOCCA.INI file MUST be manually edited and made to look something like the following. The actual PATH to the files may be different and should be catered for while editing this file.

This INI file WILL SUPPORT A MIXED ENVIRONMENT...

[PDE Download] PDEPath=c:\Pde\ FilePath=c:\PDE\Send\ CostCentreFile=cst_cntr.txt CostCentreExe = C:\iPharmacy\Prod\Exe\iSOFTLaunch.exe -T D_COST ImprestLocationFile=imp_loc.txt ImprestLocationExe = C:\iPharmacy\Prod\Exe\iSOFTLaunch.exe -T D_IMP_LOC StoreLocationFile=str_loc.txt StoreLocationExe=C:\iPharmacy\Prod\Exe\iSOFTLaunch.exe -T D_STORE ImprestFile=imp_id.txt ImprestExe = C:\iPharmacy\Prod\Exe\iSOFTLaunch.exe -T D_IMP_ID ImprestListFile=imp_item.txt ImprestListExe= C:\iPharmacy\Prod\Exe\iSOFTLaunch.exe -T D_IMP_ITEM StockTakeFile=stk_take.txt StockTakeExe = C:\iPharmacy\Prod\Exe\iSOFTLaunch.exe -T D_STOCKLIST ProductFile=product.txt ProductExe= C:\iPharmacy\Prod\Exe\iSOFTLaunch.exe -T D_PRODUCTS ProductUOMFile=prod_uom.txt ProductUOMExe=c:\PDE\iSOFTLaunch.exe -T D_PRODUOM [PDE Upload] FilePath=c:\PDE\Receive\ StockTakeFile=stk_tkup.txt StockTakeExe=C:\iPharmacy\Prod\Exe\iSOFTLaunch.exe -T U_STOCKTAKE OrderFile=order.txt OrderExe=c:\PDE\iSOFTLaunch.exe -T U_ORDER RequisitionFile=request.txt RequisitionExe=C:\iPharmacy\Prod\Exe\iSOFTLaunch.exe -T U_REQUEST GoodsReceiptFile=goodrecp.txt GoodsReceiptExe=C:\iPharmacy\Prod\Exe\iSOFTLaunch.exe -T U_RECEIPT FreeReturnFile=freeret.txt FreeReturnExe=C:\iPharmacy\Prod\Exe\iSOFTLaunch.exe -T U_FREE DistCreditFile=distcred.txt DistCreditExe=C:\iPharmacy\Prod\Exe\iSOFTLaunch.exe -T U_DISTCR

Note: All PATH dependencies should be check on the local system as they may differ from those displayed here...

Application Upgrade...

If this installation is part of an upgrade, then existing PDA's will need to be updated as well. This is an automatic process. The next time you Sync your PDA, you will be told that the version on the PDA is out of date and a new version is required. The NEW PDA version will be downloaded automatically.
